Geschiedenis

PETER GABRIEL

- Ex leadzanger

Samen vormen zij Genesis. Nog wat meer over de band:

Peter Gabriel was in de eerste jaren de leadzanger van de band. In 1975 verliet hij de band en werd Phil Collins, die eerder drummer en achtergrondzanger was, de nieuwe leadzanger. De band kon zeer goed zonder Gabriel want kort daarna bracht de groep Genesis veel succes met zich mee.

Is er voldoende parkeerplaats voor iedereen of is het aan te raden ergens anders te parkeren dan op de parkeerplaatsen bij het concertgebouw?
